## **PROFILE:**

Courteous and enthusiastic, I am interested in IT and everything in its orbit. I have been fascinated by web programming, e.g. developing apps and building websites. Since I joined college for my degree, I have learned the technical skills and programming languages during my college days and now I gained experience of working in this area. As this area complements my studies, I am keen to gain more experience in the field. For this reason, I am looking for a company willing to offer me a placement among its developers. In return, I would offer my full commitment, and be a pleasant and friendly addition to your team. I am therefore looking for a job as a web developer.
